	Subject: Transitional Jobs Policy	Release Date: 11/17/21
	Reference: OWD Issuance 07-2016	Revision: 3

This West Central Region issuance establishes policy for the Workforce Innovation and Opportunity Act (WIOA) Transitional Jobs as defined in the Final Rules implementing WIOA [20 CFR 680.190 and 680.195]

Definition

A “transitional job” is a work-based learning activity that provides a time-limited work experience, wages-paid and subsidized in the public, private, or non-profit sectors. Transitional Jobs serve individuals with barriers to employment because of chronic unemployment or inconsistent work history; these jobs are designed to enable an individual to establish a work history; demonstrate work success, and develop the skills that lead to unsubsidized employment.

Up to ten (10%) percent of WDB’s combined total Adult and Dislocated Worker allocations can be made available for Transitional Jobs. Transitional Jobs will be combined with comprehensive Career Services and Supportive Services.

Unlike OJT, there is no assumption that the individual will be retained in their transitional job after the experience is over, though that would be a successful experience and outcome. *[TEGL WIOA NO. 3-15]*

Strategy

Transitional Jobs is an employment strategy to stabilize individuals and their families with earned income while they gain skills and experience to transition into unsubsidized employment.

Employer Requirements/Limitations

- A Worksite Standards Agreement must be established with the employer.
- All Transitional Employment Program placements must be for jobs in which the organization’s worksite employees performing similar work are earning a minimum of \$9.50 per hour.
- The training must not displace current employees (including a partial displacement, such as reduction in the hours of non-overtime work, wages, or employment benefits). A participant in a program or activity may not be employed in or assigned to a job if:
 - Any other individual is on layoff from the same or any substantially equivalent job;
 - The employer has terminated the employment of any regular unsubsidized employee or otherwise caused an involuntary reduction in its workforce with the intention of filling the vacancy so created with the participant; or
 - The job is created in a promotional line that infringes in any way on the promotional opportunities of current employed workers.
- Regular employees and program participants alleging displacement may file a complaint under the applicable grievance procedures found at §667.600 (WIOA sec. 181.)
- The position must be a full-time position, defined as 40 hours per week.
- Training agreements cannot be for temporary or intermittent employment, or for employment in an occupation for a fee.
- A worksite organization would have the right to interview multiple candidates or agree to accept candidates referred by the Missouri Job Center.
