PURPOSE

This local policy establishes the criteria for selecting and approving eligible training providers (ETP) for the West Central Region and also addresses accountability and compliance with WIOA, procedures for Pell Grant reimbursement to WIOA for tuition, and specific terms and expectations of the ETPs.

BACKGROUND

As required by WIOA sec. 122, States, in partnership with Local Boards, must identify eligible training providers that are qualified to receive WIOA Title I funds to train adults and dislocated workers, and youth, including those with disabilities. Therefore, WIOA requires that each State must maintain a list of eligible training providers and their eligible training programs. The list must be accompanied by relevant performance and cost information and must be made widely available, including in electronic formats, and presented in a way that is easily understood, in order to maximize informed consumer choice and serve all significant population groups.

STRATEGY

The approved list of eligible training providers can serve as an important tool for participants seeking training to identify appropriate providers, and relevant information such as cost and program outcomes. Using the list of eligible training providers, case managers in one-stop job centers can assist participants in identifying training and training providers in high demand industries that result in positive outcomes and recognized credentials. The WDB may be subject to questioned costs if staff enrolls WIOA participants in a training institution *not authorized* to conduct business in Missouri.

Training must lead to a certificate, an associate, or baccalaureate degree, competency or skill recognized by employers; and be at least one of the following: accredited, approved, certified, licensed, or registered by an authorizing agency or organization.

Participants eligible for training will select a training provider from the State's approved provider list. Job Center staff will ensure the program is approved and in good standing on the Missouri's Eligible Training Provider System (ETPS). An approved ETP does not automatically have every class/course approved.

LOCAL SELECTION/APPROVAL OF ETPS PROVIDERS/PROGRAMS

The following criteria will be used to determine approval on the local list of eligible training providers/programs:

1. The Workforce Development Board of Western Missouri, Inc. (WDB) will select/approve providers for the ETPS list based on justification that the training is for in-demand industry sectors and occupations in the West Central Region and occupations have a Grade A or B per Meric. To determine current and emerging in-demand sectors and occupations the WDB will use relevant labor market information from sources such as MERIC and ONET. Per MERIC data, the West Central Region recognizes the following in-demand sectors:

- Healthcare/Social Assistance
- Manufacturing
- Retail Trade
- Food Production

Any training for occupations outside of these in-demand sectors or for occupations that are Grade C or below will be evaluated on a case-by-case basis and will require approval of the WDB Executive Director.

The information on this form will be used in conjunction with other information such as labor market information and participant completion rate. This information will be reviewed to ensure the provider meets the criteria and approval/denial will be given. Each quarter, the providers/programs that have been approved will be reported to the Planning and Operations Committee of the WDB. For those approval requests for occupations outside of in-demand sectors or Grade C or below will be submitted to the Executive Director for approval.
